"None prays Fajr & Ishaa in Jamaah but a believer"H>We acknowledge that none misses Fajr but a hypocrite" Ibnmasoud

Al-Hijrah is a great source of lessons, dignity and prosperity in every place AND time; The Islamic calendar, based purely on lunar cycles, was first introduced in 638 C.E. by the close companion of the Prophet (peace and blessings be upon him) and the second Caliph, `Umar ibn Al-Khattab (may Allah be pleased with him), The Hijrah calendar is not just a sentimental system of time reckoning for Muslims; rather, it has very important religious and historical significance and has had many scientific influences on our daily lives in the areas of psychology, physiology, the environment and history. Also in other aspect of Fiqh that is of a close concern to our lives such Zakaah and Edah for women. Events and celebrations of Islamic Holydays and history are recorded in the Hijrah Calendar.
